## Introduction

---

Channel Adventure Ltd is a specialist provider of Outdoor Education, Recreation and Leisure. The founders are qualified teachers with an absolute conviction that outdoor learning is an invaluable part of a young person's upbringing and, crucially, a lifelong approach to skill development and healthy lifestyle.

Channel Adventure offers premium quality outdoor experiences to meet the needs of young people, encourage a positive approach to learning and raise attainment in the classroom. Our curriculum support, extra-curricular and enrichment packages are designed to provide cost-effective and accessible ways of bringing the benefits of outdoor learning to all.

The company has grown as part of the Channel Group and draws from the expertise and track record of Channel Training. Channel Training offers Apprenticeships and Professional Development through the South West Association of Training Providers.

## Curriculum Support

Channel Adventure is committed to educating young people through the medium of outdoor learning. The senior team all have a background in education as qualified teachers and lecturers.

Our expert team can provide the support you require to deliver a wide range of Outdoor and Adventurous Activities to meet your curriculum requirements. From the practical delivery of BTEC outdoor and expeditions modules to long term programmes developing self-esteem and social cohesion for students with additional needs, we can cater for your requirements.

To get the best out of our long term curriculum support programmes we will assign you with a programme manager to work with you in developing a programme that gets the best out of your learners. These truly bespoke programmes are designed, costed and delivered around your learners needs. No two programmes are the same and the outcomes are astonishing. Case studies of the lasting effects of a Channel Programme can be sent out upon request.

### TESTIMONIAL

*"Channel Adventure have provided outstanding outdoor education that has supported the curriculum at both Key Stage 4 and 5 at Huish Episcopi Academy. This provision has ranged from modules in water based and land-based activities (including 5-day expeditions) supporting the Level 3 Uniformed Public Services course, as well as team building activities that support students in their transition from Key Stage 4 to Further Education at Huish Sixth. A highly professional provision that has provided many opportunities for learners to progress into careers in the Public Services or to a variety of courses in Higher Education."*

J. Merrick-Wren - Assistant Principal, Huish Episcopi Academy
